Of course, we track *everything* :) All kidding aside, I am sure Johanna will consult with me for whenever your next review comes up and I'll be happy to provide my appreciation.

And thanks for doing this. Do stay safe when staying late.

I think it's the right decision, but I also think it's very selfless of you ...

I was just planning to stay and close up when he's finished. Not an issue of trust, but one of precedent. What do you think? d

Hi Jean-François,

Dino Everett has asked whether he can use the IS Lab this evening for his course, IS289-1, which meets from 5:30pm-9pm. I'm open to staying late to accommodate this request, but wanted to ensure I'm following protocol. Could you please let me know whether you're okay with this?

Many thanks,
Diana
